Registration
deadline:
Sept 29th

3DX CLASSES FALL 2018

Classes begin the week of OCT 1st !!!

3DX in a nutshell:

3DX teaches students about 3D printing, design and the creative process using cutting edge technologies. Each week students will learn how to use 3D CAD design software and 3D printers to create parts for a variety of robotics and programming projects. 3DX students will also have access to the Maker Space outside of classes to provide a creative and collaborative learning environment. Please come to an Open House at the Maker Space to learn more about 3DX classes and the registration process. Visit www.osc3d.com/services/3dx for more information.

3DX Fall 2018 Schedule:

- Monday 4:30-6pm Grade 5-6 Level 1
6:30-8pm Grade 5-6 Level 2
- Tuesday: 4:30-6pm Grade 7-8 Level 1
6:30-8pm Grade 7-8 Level 2
- Wednesday: 4:30-6pm Grade 9-12 Level 1
6:30-8pm Grade 9-12 Level 2
- Thursday 4:30-6pm Grade 5-12 Level 3
6:30-8pm Adults 18+ Level 1

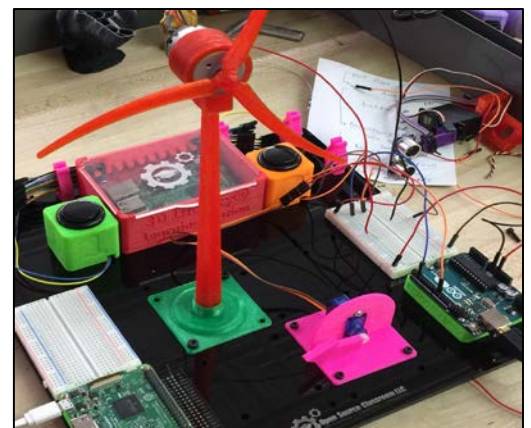

**Are you ready to learn about
3D Printing, 3D CAD Design,
and 3D Programming?**

3DX Classes Include:

- 90min class, 1-day/week, 10-weeks
- 3D Literacy® Maker Station
- 3DX Arduino kit - Level 1, 2, or 3
- 1lb Spool of 1.75mm PLA for 3D printing, color of your choice
- 3-month Membership at Open Source Classroom's Maker Space
- 3D Literacy® Certification upon successful completion of 3DX classes

3DX OPEN HOUSE
Sept 8th : 9am-3pm
Sept 15th : 9am-3pm
Sept 22nd : 9am-3pm
Sept 29th : 9am-3pm

200 W Monroe Street
Suite 104, Mailbox 31
Bloomington, IL 61701
